

BioSeed®

14 November 2017 | London

OBN, (UK) and **Eurasante**, (France), are delighted to announce the launch of a new event, **BioSeed®**, a joint venture event devised to provide a unique platform for early-stage Life Sciences companies throughout Europe seeking equity investment from Angels, High-Net-Worth individuals, specialist Crowd-Funders, and PE/VC funders genuinely interested in Seed and Series 'A' funding.

BioSeed® will run as a one-day event in London on 14 November 2017 and will feature presentations and pitches by early-stage organisations and a series of pre-scheduled one-to-one meetings with investors.

BioSeed® is the result of a shared vision between OBN and Eurasanté; with both parties observing a lack of industry events that solely support the interaction of early-stage companies with appropriate investors at a European level.
